- **AI Tools:** ChatGPT, Claude, Gemini, Copilot, Adobe Firefly, Midjourney, Runway, Kling AI, Veo, LunaAI, Pika, ElevenLabs, Lyria, Figma AI, Canva Magic Studio

Professional Experience

- **Lead Visual Designer** | WaveMaker, Inc. | Apr 2023 to Present
  - Create enterprise SaaS marketing videos, product walkthroughs, motion graphics, and illustrations that make complex cloud and low-code concepts easier to understand.
  - Set visual direction and work with product and marketing teams to deliver consistent content for digital channels and SaaS acquisition campaigns.
  - Build AI-assisted automation scripts to speed up design workflows and improve production efficiency.
- **Lead Visual Designer** | Pramati Technologies | Nov 2021 to Mar 2023
  - Led the design of product videos and graphics for banking and low-code solutions to support client presentations and product adoption.
  - Worked with cross-functional teams to rethink banking solutions using WaveMaker's low-code platform.

- **Senior Visual Designer** | Pramati Technologies | Oct 2019 to Nov 2021
  - Created motion graphics and product videos for enterprise products including WaveMaker, ThumbSignIn, Apitive, Hyscale, and Groupe.
  - Explained complex product concepts through clear visual storytelling to support customer engagement.
  - Explored AR/VR applications and their use in interactive design.
- **Visual Designer** | Pramati Technologies | Apr 2018 to Oct 2019
  - Produced marketing motion graphics and illustrations to support brand identity.
- **Game Development Engineer** | Avaz Inc. | Oct 2016 to Apr 2018
  - Designed front-end experiences and gameplay for language-learning apps, including Freespeech and Chong-Chong, with a focus on usability and learning outcomes.
- **Game Designer** | Evelyn Software Labs | Sep 2011 to Sep 2016
  - Developed iPad games including Battleground Defense Trilogy, Fix the Candy, Adrian's Crusade, and Welding Simulator for a global player base.
- **Character Designer and Animator** | Colours Animation Pvt Ltd | Nov 2010 to Sep 2011
  - Designed and animated characters, prepared storyboards, and created scene-by-scene animation for studio projects.
- **Animator Trainee** | Vismayas Max | Jul 2009 to Oct 2010
  - Created character sketches, turnarounds, 3D models, props, and animations for training projects.
